

The Daily Freeman.

MONTPELIER, JUNE 4, 1863.

The 2d Vermont Battery in the recent battle near Port Hudson suffered the following casualties:

Frank Sebastain, in head, slightly; David Sweeney, in heel, slightly.

PROVOST MARSHAL CHANGED.—Capt. Henderson has been called to the Provost Marshal General's office at Washington, and Captain Pitcher, of the 8th infantry, has been appointed Assistant Provost Marshal General of the State. The headquarters of the Provost Marshal have been removed from Montpelier to Brattleboro.

BURGLARY.—The Newport News says on Saturday night last, the office of C. S. Cutting, Esq., of West Derby, was entered and between \$11 and \$12 in scrip stolen. On Monday, S. O. Nichols, of West Derby was arrested on suspicion of being the thief. On Friday he was shut up for beating a sick wife. The cause of the whole performance was the same it is in two thirds of our criminal cases.—Rum.

"Navigation has opened" on Lake Memphramagog, as we learn by the Newport News, the "Mountain Maid" making her first trip last Saturday.

On Monday, June 1, a barn and shed belonging to 'Farmer' Wood at Brattleboro was consumed by fire.

PRESENTATION.—On the evening of May 28th the members of Co. D, 13th regiment Vermont Volunteer Militia, presented Lt.-Col. Wm. D. Munson, lately promoted, with a beautiful saddle, bridle, and horse equipments complete.

Recruiting is going on finely at Newport. Corp. M. G. Sargent of the 11th regiment (1st artillery) has already enlisted 27 men in that village.

A CALENDAR CLOCK.—One of the greatest novelties and utilities of the day is the calendar clock of the Seth Thomas Clock Company. By an ingenious arrangement, a calendar is combined with the clock, showing the day of week, the month, and day of the month, including the 29th day of February of leap year, perpetually and with unerring certainty. The advantages of such an arrangement are obvious. With one of these clocks in sight, the trouble of keeping a separate calendar, to be altered daily, is dispensed with, while mistakes arising from neglect to change the calendar are avoided. A glance at the clock tells the month, the day and the hour, with unerring accuracy. T. C. PHINNEY, Jeweler, corner State and Main streets, has these clocks for sale.

READY-MADE COFFINS

OF ALL KINDS!

Also, a large assortment of COFFIN TRIMMINGS!

MONTPELIER, VERMONT.

BY TELEGRAPH

TO THE FREEMAN.

4 O'CLOCK, P. M.

New York, June 4. A New Orleans letter of the 27th mentions a report there that one of our gunboats had destroyed the town of Franklin, La., in consequence of being fired upon from there, while passing, by guerrillas.

Admiral Foote has received his orders, and soon leaves to supercede Dupont.

A Key West letter of the 28th to the Times states that the British steamer Dolphin has been condemned, a large quantity of Enfield rifles and sabres being found on board.

A Washington dispatch to the Herald states that no official information has been received here in regard to any assault upon the rebel works at Vicksburg by Gen. Grant, or of any repulse by the Union forces. It is believed that such facts, if they have transpired, would have been promptly communicated to the military authorities here. Such reports are discredited here.

The above probably refers to reports current at Washington for a day or two past, that Gen. Grant had been repulsed.

Richmond papers of the 1st and 2d state that Vallandigham was still at Shelbyville.

The Virginia election has probably resulted in the choice of Billy Smith for Governor. Letcher was defeated for Congress by Mr. Baldwin, and Botelle by Halliday. Price is probably elected Lieutenant Governor.

Ewell has taken active command of Jackson's corps.

Important to Wool Growers.

LALOR'S

Sheep Dipping Composition

adds over one pound of wool to each fleece, besides wonderfully improving the condition of the sheep, at a cost of only about 3 cents a head. No farmer should let this season pass without using it. Particulars sent free on application to

FREEMAN BUILDING MONTPELIER, VT.

Special Dental Notice.

I SHALL leave my office,

In Chelsea, Vt.,

On Monday, June 1st, to be absent for a FEW WEEKS ONLY. Notice of my return will be given in the GREEN MOUNTAIN WEEKLY FREEMAN.

My Post Office address while absent, will be Plattsburgh, N. Y.

The public are again reminded that I am the only person holding a License to manufacture teeth on the Vulcanite or Rubber Base in Chelsea, Vt.

I am authorized to make this statement by R. W. Franklin, General Agent of the American Hard Rubber Company, the sole owners of the Dental Rubber Patent.

All Dentists making Teeth on the Vulcanite Base, without a License, as well as those for whom they make such teeth, are infringers against these Patents, and are liable to prosecution by the American Hard Rubber Company.

G. F. HIXSON,
May 25, 1863. wfm6

RHODES'

Superphosphate of Lime.

THE STANDARD MANURE.

An application of 150 or 200 pounds per acre of this standard Manure will furnish enough Soluble Phosphoric Acid, (the indispensable nutriment of plants,) for any crop.

Rhodes' Standard Manure

being prepared for immediate application, can be used either broadcast or in the hill or drill. In no instance is it to be plowed under. When agriculturists learn the true value of this Standard Manure, they will not suffer themselves to be without a supply, as in case of replanting or backward growth, Rhodes' Manure, applied as top dressing, produces speedy growth. This Manure does not fire.

Pamphlets containing full particulars of Rhodes' Standard Manure can be obtained of

BANCROFT & HOLMES
Montpelier, Vt.
